

# SUPERARM 2000E WIRING SCHEMATIC (FOR VANS)

## WIRE COLOR GUIDE

RED	1
BLACK	2
WHITE	3
BLUE	4
GREEN	5
ORANGE	6
BROWN	7

NOTE: The above schematic is for a right hand lift. On a left hand lift there are only two changes on the schematic. (1) The green and black leads on the small posts of the Solenoids are reversed. (2) On the Limit Switches the set of white and black wires are reversed with the green and red.
